* Heatable volume will vary,
based on fuel used and
building's insulation and
airtightness levels.

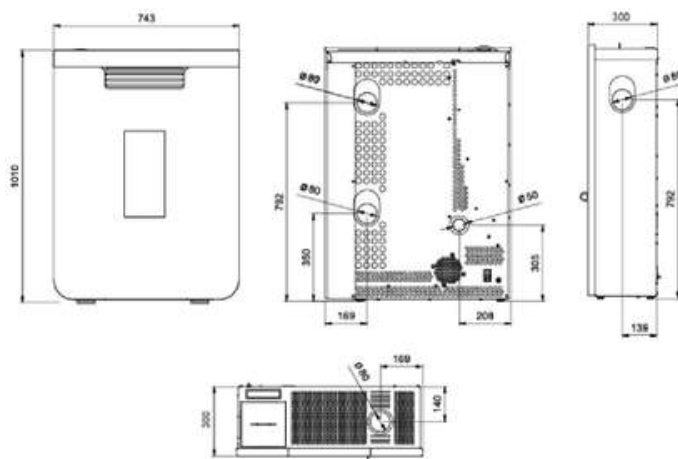

The Kimono 8 has a unique and stunning appearance with its amazing glass front. It's an airtight stove that does not require a separate, permanently open room vent. The stove is extremely compact at only 300mm deep. The interior of the stove is only visible when there is a flame, otherwise, the black glass prevents you from seeing the dirt in the chamber, thanks to the magic glass effect.

KEY FEATURES

- Airtight stove: no separate room vent required
- Advanced, user-friendly, 6 button LCD display
- Full glass front with "Magic Glass" effect
- Quick-start function - faster than other brands
- Slim profile, only 300mm deep
- Multiple safety sensors and alarms
- Control by room temperature or power level
- Remote access via Smartphone App (optional)
- Rear, top or right-side flue outlet
- Full technical aftersales & maintenance
- 5-year warranty *
- Maintenance contract available

* Subject to a maintenance contract, otherwise standard 2 year warranty applies
