128kg

* Heatable volume will vary, based on fuel used and building's insulation and airtightness levels.

woodpelletstoves.ie

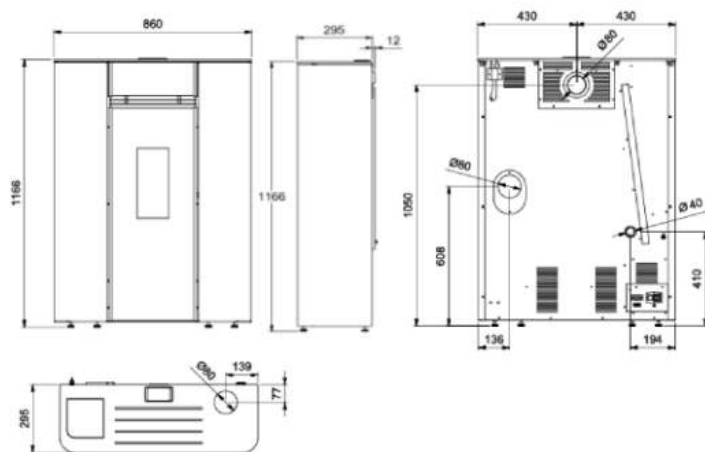

The Aura 11D has a stunning visual impact with curved corners, black glass and a sleek, sophisticated look. It can easily share heat with adjacent rooms via its integrated ducting function. It offers a slim 295mm profile, and has a superior build quality to other stoves, made clear by its weight of a whopping 128kg, exuding quality throughout. It can easily connect to your mobile phone for remote access via its Wi-Fi connection.

KEY FEATURES

- Exceptional build quality - built to last
