woodpelletstoves.ie

The Horus Calore Venus 8 is a compact air stove that offers a simple design but a high efficiency and a great view of the flame. The max. output is 7kW but it automatically reduces to as little as 2.2kW when the room temperature is satisfied. The advanced 6-button LCD display makes it very user-friendly and offers a lot of different control options such as power level, room temperature, programming, etc.

KEY FEATURES

- Advanced, user-friendly, 6-button, LCD display
- Simple, square profile that suits any interior
- Daily, weekly and weekend programming
- Giant hopper - holds full 15kg bag of pellets
- Multiple safety sensors and alarms
- Anti-explosion valve
- Control by room temperature or power level
- Remote access via Smartphone App (optional)
- Rear or right-side flue outlet
- Full technical aftersales & maintenance
- 5-year warranty *
- Maintenance contract available

* Subject to a maintenance contract, otherwise standard 2 year warranty applies
