\* Heatable volume will vary,  
based on fuel used and  
building's insulation and  
airtightness levels.

The Horus Calore Ring is as stunning as it's advanced. It's completely round profile exudes class and elegance and makes it perfect for modern interiors and corner installations. The Ring is airtight for superior safety and negates the requirement for a separate room vent. Equipped with a touch-screen display, this stove is also super-silent and more boost to ducted air without losing temperature, but above all engines that can work at lower speeds with a drastic noise reduction.

### KEY FEATURES
